- 17 - Spring Hole - Two pallet structures.

18 - Spring Hole - One pallet structure.

19 - Spring Hole - One pallet structure.

20 - Sand Point - Two pallet structures.

21 - Rock Point - One pallet structure.

**ACCESS:** The lower lake has access at Hillhouse Landing (off Hwy 1 at Hillhouse, west of levee). The upper lake has access at DeSoto Park Landing (off Hwy 1 at Rena Lara, west of levee).

**DESCRIPTION:** This oxbow lake, formerly part of the Mississippi River, offers good fishing for many species of fish. The River can be accessed on the lake's south end. DeSoto has mud flats and willow flats that are flooded during high water. The lake also has rock rip-rap extending off many of the deep points. DeSoto is full of bream, crappie, bass, and catfish. The better fishing occurs when the Mississippi River gauge reads between 10' and 17' on the Helena Gauge. There are two bait/tackle shops available to fishermen of this lake. Rico's Bait Shop is located on Hwy 1 at Rena Lara. Buckshot Hollar is located on Hwy 1 at Hillhouse.
